## ◀ NORWAY'S CHAIRSHIP ARCTIC COUNCIL 2023-2025

The Arctic Emergency Management Conference aims to strengthen cooperation on emergency prevention, preparedness and response in the Arctic by providing a venue for exchanging and sharing information, capacity building, discussing cross-cutting thematic areas, co-production of knowledge and learning, as well as networking and establishing and strengthening partnerships.

The conference applies an approach to emergency prevention, preparedness and response encompassing all types of risks and hazards in the Arctic region.
